

Sudbury & District Home Builders' Association

Building A Greater Sudbury

MEMBER OF THE MONTH

"Yes We Do That"

As the old saying goes, "necessity is the mother of invention" which simply means that one has to get creative to find a solution to a problem. Denis Payment of Total Home Centre & Bath Depot on Barrydowne Rd. at Hawthorne is a perfect example of this type of innovative creativity.

Payment was operating an exterior home renovation business in the late nineties but soon tired of sitting around during the winter months. That is when he decided to take his skills inside to specialize in an area he felt was overlooked in the local bathroom renovation market due to time and the complications of the installations. Total Home Centre began as an installation contractor for bathrooms but eventually added the Bath Depot retail centre which offers only top quality names such as Moen and Kohler, the two leaders in designer quality bathroom fixtures.

Denis Payment of Total Home Centre & Bath Depot

At Total Home Centre & Bath Depot we take care of everything from A to Z including budget planning," says Payment who also adds that all services are handled in-house with his team of qualified tradesmen and support staff which number upwards of 15 employees during the peak season. "We know that customers can get a simple white fibreglass, economy-priced shower set up that might last them a few years, but our products are designed for a lifetime of use. From our Neptune line of acrylic showers to our beautiful choice of glass sinks and vanities from Rassland, our selection definitely add an upbeat attitude to the bathroom because it is much better to start the day in a sensational shower or custom coloured jet-tub instead of a claustrophobic, white fibreglass box.

As a proud board member of the Sudbury & District Home Builders' Association and as a company member since 2004, Denis Payment says the SDHBA separates the professionals from the fly-by-nighters and that his membership brings a higher standard of excellence for customers that choose to work with a SDHBA member.

"At Total Home Centre & Bath Depot we take care of everything from A to Z including budget planning," says Payment who also adds that all services are handled in-house with his team of qualified tradesmen and support staff which number upwards of 15 employees during the peak season. "We know that customers can get a simple white fibreglass,
